Euro Membership Fees 2022

Sliding scale discounts based on volume ownership.

For the purpose of sliding scale discounts winter weeks are considered to be those between week 44 and week 9. Owners of one or two weeks' pay the full amount of the membership fee. For owners with 3 or more weeks, capped at 5, there is a sliding scale discount based on the number of weeks owned. This is:

- 15% for members owning 3 weeks
- 20% for members owning 4 weeks
- 25% for members owning 5 weeks or more.

Ownership can be of any combination of villa types and any distribution of villas within this period. The discount though only applies to ONE contract so if ownership is held under different contracts the discount does not apply. Main considerations relating to sliding scale weeks:

- Sliding scale discounts ONLY apply to the period between week 44 and week 9
- Sliding scale discounts apply to one contract number ONLY. If weeks are owned under different contract numbers/names they are not eligible for the discount.
- On a case by case basis we will consider widening the above, if for example the number of DIRECT family members exceeds the maximum allowed on the certificate. Direct family means Father/Mother – Son/daughter.
- The discount is a percentage, so is applied to the total fee for the number of weeks eligible. They can be different villa types and weeks do not have to be consecutive. They just have to fall between weeks 44 to 9
- If multiple weeks are owned, no discount applies to weeks outside this period. E.g. member owns weeks 44 – 47 (4 weeks) discount would be 20%. Member owns weeks 8 -11 (4 weeks) – no discount applies as only 2 weeks fall within the discount period. Member owns weeks 20 -23 (4 weeks) – no discount applies as all weeks are outside the discount period. Member owns weeks 44, 2 & 3 and week 34 – discount applies to the 3 weeks that fall in the discount period but not to the other week, which is outside of that period.
- If a member wishes to extend his ownership of weeks and that brings him into these bands and the week is still in the future then the appropriate discount can be applied. E.g. Member owns weeks 44 & 45. No discount applies and he has paid his fees in full for the 2 weeks. If he then decides to buy week 46, within the current year, to add to this, this would make him eligible for the 15% discount on the 3 weeks, so long as this transaction takes place BEFORE the date of occupation of the week.

The winter weeks currently also benefit from the €100 (euro) voucher to use (only) on food and beverage in the clubhouse. This covers the period from week 44 to week 12; that is all weeks within that period. This effectively provides a discount on the fees paid in those weeks.
